

Job Opening

California Department of Fish and Game

Fish and Wildlife Scientific Aide

March 3, 2003

Full-time Temporary Assignment

Pay: \$10.50 /Hour

Location: Headquartered in Stockton

Final Filing Date: Until filled

Starting Date: ASAP

Duration: Up to 10 months

Duties: Major duties will include setting and retrieval of various nets from a research vessel; accurately identifying, measuring and counting fish collected in the field; recording fish data and checking written data for completeness and accuracy; laboratory work as required. Jobs primarily entail field work on boats and may require lifting up to 40 pounds. Work hours may be long (10+hours per day), may include some weekend work, and exposure to temperature extremes is to be expected. The ability to neatly and accurately record data is required. Successful applicants must be able to work well as part of a team. Successful appointees may be asked to work on other Branch programs or projects

Minimum Qualifications: Possession of a valid California Driver's License.

and

Either I

Education: Equivalent to completion of 2 years of college with a minimum of 10 semester hours in biological or chemical sciences.

Or II

Experience: One year of experience in surveying, studying, or evaluation fish or wildlife population data, habitats, or users, or working in a chemistry laboratory.

Additional Desirable Qualifications: College course work in ichthyology, fisheries, or zoology; familiarity with fish identification; familiarity with boating safety and operation.
